

# HOW TO APPLY FLOOR DECALS\*

## STEP 1

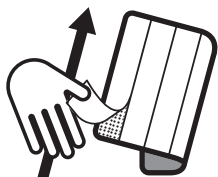

Scrub surface thoroughly with soap and water

## STEP 2

Flip the decal over and locate perforations in the paper backing

## STEP 3

Remove a strip of paper backing near any edge of the decal. Gently place exposed adhesive onto the surface.

## STEP 4

Smooth the exposed adhesive evenly onto the surface. Begin to peel the remaining backing paper away from the newly applied edge.

## STEP 5

Continue smoothing the decal onto the surface while peeling away the remaining backing paper.

## STEP 6

Step back and admire your work.

\*Please note this material is not rated for skid resistance. Keep surfaces clean and dry to help prevent slip hazards. Not compatible with carpeted surfaces.
